AN ENDLESS-RUNNING ADVENTURE

The Scruud, a new iOS game designed by Pollso*, will surprise you by beautiful graphics, cured details and fun story. The fast-past endless-running adventure is full of chasms, carnivorous plants malicious Moskito Monkeys, death-defying circus tricks and power-up veggies.

The app is available exclusively on The App Store and it's free with powered-up carrot packs also available to purchase.

At the beginning of the game you will meet Armando, Sergio, Claus and Louis. Some would call them circus performers, but these guys are acrobats with a difference. Under their artistic name The Scruud, they show off risky juggling tricks, crack jokes, fly through the air in breath-holding acts of gymnastic virtuosity and entertain the crowds. Loved, admired...but also envied...

The insidious Moskito Monkeys are fed up of being in the shadows of the talented showmen, and decide to take revenge. And what is the best way to stop a performance? Taking away the stage. The player's adventure starts when the envious Monkeys steal the tent. Your challenge is to help The Scruud fight their way through 16 levels, 4 unique worlds and face various obstacles on their way to getting back their beloved big top.
